Subject: FW: New Direct Connection to the Southern Outfall Sewer at Rye Meads - Without Prejudice

To: " >

Cc:

Dear Dean

GS has been copied in to the email below from SC, Principal Planner at Welwyn Hatfield Borough Council.

GS hopes you find the information SC has provided useful. Talks are ongoing with Thames Water with regard to the 'Southern Outfall Sewer at Rye Meads' not being mentioned in the 2009 Rye Meads Water Cycle Study, which you rightly pointed out.

Please do not hesitate to get back in contact should you require GS further assistance.

Kind regards

ST
