HANDSIDE PARKING CONSULTATION – LEMS福德 LANE, WGC

Dear Resident,

The recent parking survey in Handside identified a number of areas requiring further investigation. As part of this process, the Council is now engaging with residents in Lemsford Lane, Welwyn Garden City in the locality of Stanborough School. Residents had complained of blocked driveways, obstruction and general congestion; both on school days and also at weekends when other events were being held.

Discussions have taken place with residents, school staff, council officers and local Ward members as to how this situation may be improved. To ease congestion it is proposed that a section of double yellow lines (No waiting at any time) be inserted on the kerb opposite the school. A feasibility investigation is also now underway to determine whether or not a lay-by could be constructed into the verge on the school side of Lemsford Lane to aid this process. Residents will be notified in due course as to the outcome of this enquiry.

A plan drawing is provided overleaf. Should any resident wish to comment on these proposals, please reply to the below address.
